EXPERIENCE

EXCEL COMPARISM TOOL

It is used to investigate and uncover duplicate through comparism of data and information from uploaded excel file.

25th, July 2022 - 20th, August 2022

- I worked on building a functional Login Page
- Collaborated with product team members to implement new feature developments.
- Assessed UX and UI designs for technical feasibility.
- Implemented websites, mobile applications, and landing pages from concept through deployment.
- Standardized all output with a new, responsive, mobile-first approach and strategy.

SIMPLE COUNTER APP

Simple Counter App is used to count numbers by setting value, Increasing, decreasing and resetting value.

7th Nov, 2022 - 15th Nov, 2022

- Creation of routes and 404 page.
- Creation of Error Boundary.
- I built component for the App using React hooks.
- I made sure the App had good SEO.
